## EDUCATION

**Dwarkadas Jivanlal Sanghvi College of Engineering** | *CGPA: 8.944*          Mumbai,Maharashtra
Bachelor of Technology in Information Technology                                                    2021 – 2025

**Sardar Vallabhai Patel College of Engineering and Science** | *94.5%*          Mumbai,Maharashtra
Higher Secondary School Certificate                                                                        2019 – 2021

**St.Francis High School** | *89.9%*          Thane,Maharashtra
Secondary School Certificate                                                            2019

## SKILLS

**Languages**: Python (NumPy, Matplotlib, Pandas), C,C++,JavaScript, Python, CSS, HTML
**Frameworks and libraries**: ReactJs , Tailwind, React Native, NodeJs
**Databases**: MySQL, Firebase, MongoDB)
**Tools**: Git, Github , VsCode
**Data Structure**: Array, Linked Lists ,Stack ,Queue ,Binary Tree

## TECHNICAL PROJECTS

- **Web Projects**

  - **Netflix Clone**                                                                                October 2023
    - Developed a React-based Netflix clone with Firebase authentication and TMDB API integration.
    - Enhanced user experience with dynamic content fetching and personalized recommendations.
    - **Tech Stack**: ReactJs, Firebase, API

  - **Bank Website**                          September 2023                                          Github
    - Crafted a visually appealing React JS app with modern UI/UX using Tailwind CSS.
    - Optimized performance through efficient data rendering and asynchronous loading.
    - **Tech Stack**: ReactJs, Tailwind CSS

- **App Project**

  - **Collaborative Student Project Management App**          March 2024                          Github
    - Developed a React Native app for collaborative project management, integrating JSearch from Rapid API.
    - Implemented essential features such as file sharing, meeting scheduling, and chat functionality for seamless communication among team members.
    - **Tech Stack**: React Native, Rapid Api, Express, NodeJs

  - **HarvestConnect (SIH finale project)**          Dec 2023                          Github
    - Developed HarvestConnect for accessing Water Harvesting Structures and real-time mandi data.
    - Integrated Twilio for SMS alerts and MongoDB for robust data storage and retrieval.
    - **Tech Stack**: React Native, Nodejs, Twilio, MongoDB
